FOUND:RE Phoenix is an art-filled boutique hotel situated in downtown Phoenix's walkable Roosevelt Row Arts District (RoRo). Guests are mere steps from colorful, oversized murals, creative sculptures and vibrant art galleries. Across the hotel space, original works of art have been created by more than 25 Arizona artists, including art works in industrial chic guest room and public areas, like the on-site lounge and outdoor pool area. Hotel meeting spaces host rotating art exhibitions, pop-up art galleries and meet-up events with local artists. Outside, FOUND:RE Phoenix lights up the night with a mesmerizing six-story light installation projected on the side of the hotel.
